

## **Independent Study for PLT Secondary Modules**

### **Want PLT Secondary Materials But Can't Find A Workshop When You Need One?**

We are experimenting with independent study opportunities to provide access to our wonderful secondary modules. These materials are too valuable to be sitting on shelves waiting until enough educators find out about, register for and attend a traditional interactive workshop!

So let's try this:

1. Fill out the application form below. Upon receipt of this, the Colorado PLT office will email an online web-quest that introduces the Colorado State Forest Service, Project Learning Tree materials, grants, programs and additional information and materials.
2. Upon receipt of the completed web-quest, and a deposit check, we will mail the PLT secondary guides requested.
3. Educators then explore the activity guide from cover to cover, and revisit the PLT web-page to see online enhancements and links to specific additional resources. If possible, use at least part of one of the activities with learners in an educational setting.
4. Educators then contact the Colorado PLT office by phone or email to arrange a time for a brief conversation to discuss the module and its activities, and to share ideas, suggestions, additional resources, etc.
5. Upon successful completion of steps 1- 4, educators keep the activity guide (s). We will send a certificate of completion and the deposit fee upon receipt of a workshop fee.

#### **Refundable Deposit Fees:**

\$50 for 1 activity modules, \$75 for 2-4 activity modules, \$100 for all 5 activity modules.

#### **Workshop Fees:**

\$25 for 1 activity modules, \$20 for each additional activity modules

# Independent Study Registration Form

Send this form to Project Learning Tree, 15240 S Golden Road, Golden, CO 80401, or email the information to [scrocker@colostate.edu](mailto:scrocker@colostate.edu). For additional information, call 303-278-8822.

Home Phone:

Work Phone:

email address:

Grade level, subject, school, school district:

Amount enclosed:

Please email me the online webquest so that I may complete a preliminary investigation about Project Learning Tree and the Colorado State Forest Service.

I will then decide which of the secondary modules I am interested in receiving and will send the appropriate amount as a deposit for this independent study opportunity.

When I receive the activity modules in the mail, I will go through them thoroughly, looking for ways to incorporate the activities and information into my lessons.

I will then call/email the PLT office to arrange a time for a brief conversation about the activities, PLT and CSFS, and current and local resources.

I understand that my deposit will be returned within one month, minus the workshop/administrative fee for the modules I select, and that I will receive an official certificate of completion.

I am interested in the following PLT Secondary Modules:

- Exploring Environmental Issues: Focus on Forests
- Exploring Environmental Issues: Municipal Solid Waste
- Exploring Environmental Issues: Focus on Risk
- Global Connections: Forests of the World
- Exploring Environmental Issues: Places We Live
