

PLT Virtual Courses

PROJECT LEARNING TREE

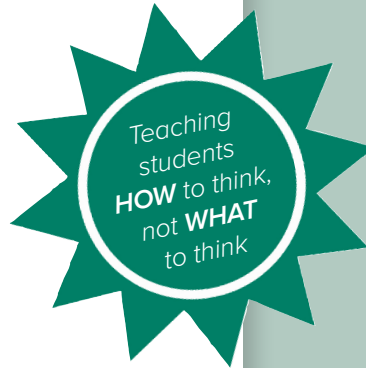

provides teachers, parents, youth group leaders, foresters and community members with fun and engaging activities and training to take children outside to learn about trees, forests and the broader environment.

- **Zoom sessions** and assignments will connect participants to share ideas, ask questions and dive deeper into self-paced online PLT training.

- Discover **NGSS-aligned activities** that get your students outdoors, engaging in place-based learning in their own backyards.

- Learn how to offer **PLT's award-winning curriculum** in a flexible format (in-person, virtual or blended).

- **Earn quality professional development hours** and teaching continuing education credit. Op-tional 1 graduate credit from Colorado School of Mines available for additional fee.

FIRST COME, FIRST SERVED.
SPACE IS LIMITED!
