

PLT Virtual Course for Early Childhood Educators

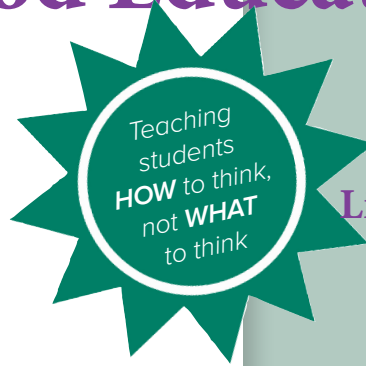

PROJECT LEARNING TREE

provides teachers, parents, youth group leaders, foresters and community members with fun and engaging activities and training to take children outside to learn about trees, forests and the broader environment.

- **Zoom sessions** and assignments will connect participants to share ideas, ask questions and dive deeper into self-paced online PLT training.

- Learn how to offer **PLT's award-winning curriculum** in a flexible format (in-person, virtual or blended).

- **Participate in activities that get kids outdoors**, engaging in place based learning in their own backyards
